# Horse Riding 2008

Fernwood Cove girls who enroll in the horse riding program will have the opportunity to learn skills that will provide a great foundation for the future. Campers who are more experienced riders, will be able to practice and advance their skills.

Our English riding program will focus on equitation and stable management. The program will offer lessons on safety, horsemanship, grooming, feeding regime, tacking, basic first aid and, of course, lots of riding. Our instructors have backgrounds in English style riding and Hunter/Jumper.

Fernwood Cove has a wonderful 14 box stall barn and large arena designed to facilitate your daughter's learning. We also have an extensive network of trails on camp property which provides a great location for campers to enjoy riding outside the ring.

## Fees for the horse riding program

The horse riding program will be a three week activity where your daughter commits to one focus a day for the length of the session.

| | |
|---|---|
| **3-week focus activity:** | **15 focus periods**<br>**Tuition $ 500** |
| **1-week focus activity:** | **5 focus periods**<br>**Tuition $200** |

Enrollment is limited as we want every rider to receive the attention she deserves. Please send in the Horseback riding request form with payment to secure your daughter's space. An email will be sent to you with confirmation of enrollment in the riding program. We need the enclosed form with your signature for your daughter to participate in the horse riding program.

**Required Equipment: Riders must bring a helmet (ASTM-SEI approved), jodhpurs (or inexpensive riding pants which are close fitting, stretchy and have no inner seam), and boots that have heels, smooth soles and that covers the ankle when working with the horse.**

**Please note that your daughter will not be able to ride until she has the appropriate required equipment and a signed permission form.**

---

Campers will receive information regarding program activities and how to sign up for their first week of activities later this spring. If you have any questions or concerns regarding any of the program activities at Fernwood Cove please feel free to contact us by phone 207-583-2381 or email Alicia Theriault at Alica@fernwoodcove.com
