

FERNWOOD COVE GIRLS ARE

Fernwood Cove empowers girls to grow to be the best versions of themselves. Each camper creates her own adventure where she builds friendships, learns new skills, and gains a greater sense of self. Fernwood Cove is preparing girls for all stages in life.

CONFIDENCE

Fernwood Cove girls explore new activities and learn new skills. Through this learning Fernwood Cove girls gain confidence in their abilities to try and learn new things.

POSITIVE VALUES

With the Fernwood Cove Philosophy and Values as a foundation Fernwood Cove counselors mentor campers so they can embrace these values in their daily lives.

INDEPENDENCE

Summer camp is full of independent decision making opportunities. Choosing activities and developing friendships are just two aspects of camp that help campers develop their independent voices.

COLLABORATION

Communal living in bunks provides daily opportunities to collaborate with campers from across the country. Campers gain skills for success as they work together during daily clean-up and on inter-camp sports teams.

CREATIVITY

Connecting with their creative spirit while surrounded by the natural beauty of Maine inspires campers of all ages. A focus on developing understanding of the creative process allows campers to learn artistic skills and creative problem solving skills.

LEADERSHIP

Campers have increased opportunities for leadership as they grow within the camp community. Organizing and leading events as an older camper or assisting with activities as a CIT provides hands-on experience in leadership.

PREPARING FOR ALL STAGES IN LIFE
