## Messages From Your FLAMINGO's

I am **Sarah Renbaum** from Baltimore, Maryland, and this will be my sixth summer at camp. One of the many reasons why I love camp is because when I am in Harrison, Maine, I am my best self. The girls, the activities, and the counselors create magic that is unlike anything I have ever experienced. The 3 1/2 weeks that I spend at camp is my escape from the "ordinary world". I cannot wait to spend another summer at camp with my Fernwood Cove family.

Hi! My name is **Emma Schwartz** and I'll be a Flamingo this summer at camp. Camp is my favorite place on each because of the friends that I have made and the memories that we have had. There's nothing like it!

My name is **Leah Masek** and this will be my second year at camp. I love camp because it is a place where I can totally disconnect from social media and electronics. I feel like I can truly be myself without being worried about feeling judged. Everyone is always so supportive of each other and we learn to be independent and responsible. Camp always gives me new opportunities to grow and to learn. There is no better place to make new friends and reunite with old ones!

Hi, my name is **Jessica Bradford** and this is going to be my sixth summer at the cove! I love camp because everyone here is so kind and

My name is **Juliet Bell** and this will be my 3<sup>rd</sup> summer at camp. I love camp because it is my home away from home. I met my best friends for the rest of my life at camp!

## How to Be a Great Cove Sister

With summer right around the corner, Cove Sisters will be coming out soon! I know you're all excited to receive your camp big or little sister for the summer. Here are a few tips to help you be the best Cove Sister you can be:

If you are the big sister

Reach out (either by phone or email) right away! Your younger Cove Sister is probably new and has a lot of questions for you.

Tell her all the things you love about camp!

Share with her your favorite activities and help her try new things

Give her a big hug on arrival day

Visit her before bedtime at camp

Get her excited for this summer!!

If you are a little sister

Write down any questions you have and ask your big sister

Find out why she loves camp

Share with her any excited or nervous feelings you have (I'm sure she's felt them before too!)

Ask what to bring that's not on the packing list

Ask what she wished she had known before her first summer

Look up to her, she's a great camp role model!

I hope you are as excited about camp as I am! Cove Sisters will be sent out by email by the end of this month. Don't miss an opportunity to connect with your Cove Sister. It won't be long, and we'll be back this summer!

## Camper Reunions!

**It was so great to see you!**
