### Messages From Your FLAMINGO's

Hi, I'm Juliet Feldman! This will be my eighth summer at the cove. I love coming to camp to spend time with the old friends I've known for years, and to make new friendships. Each summer, I try new things and feel myself growing and developing as a person. I could not be more excited for flam! See you all soon!

My names Camden Dyer and this is my 8th summer at the cove. I love camp because it allows me to step out of my comfort zone and meet new people. The friendships and memories that I've made the last few summers will last a lifetime and I couldn't be more excited for this summer!!

Hi, I'm Leo Phillips and I'm going to be a senior at camp this year! I love going to camp because it allows me to try activities outside of my comfort zone and spend time with some of my closest friends. I love the traditions and values of Fernwood Cove and cannot wait for this summer!

Hi, my name is Nathalie Tawa. This will be my 6th and last year at the Cove and i couldn't be more happy and sad at the same time. When I first got to camp in Puffin, everyone accepted me and allowed me to be who I am each day. I love this because people at camp don't judge me when I act crazy. Being at FC has allowed me to make bonds with people that I now trust with my life. I could not be more excited for my Flam year and I know it's going to be a great one. See you soon!!

Hi! My name is Caroline and this will be my 7th summer at the Cove. I come back every year to try new things, have a great time doing things I would never be able to do at home, and reconnect with some of my closest friends- my summer sisters. Camp is my getaway during the summer without the stress of social media, which is a great opportunity to connect more deeply with friends you make.

## How to Be a Great Cove Sister

With summer right around the corner, Cove Sisters will be coming out soon! I know you're all excited to receive your camp big or little sister for the summer. Here are a few tips to help you be the best Cove Sister you can be:

If you are the big sister

Reach out (either by phone or email) right away! Your younger Cove Sister is probably new and has a lot of questions for you.

Tell her all the things you love about camp!

Share with her your favorite activities and help her try new things

Give her a big hug on arrival day

Visit her before bedtime at camp

Get her excited for this summer!!

If you are a little sister

Write down any questions you have and ask your big sister

Find out why she loves camp

Share with her any excited or nervous feelings you have (I'm sure she's felt them before too!)

Ask what to bring that's not on the packing list

Ask what she wished she had known before her first summer

Look up to her, she's a great camp role model!

I hope you are as excited about camp as I am! Cove Sisters will be sent out by email by the end of this month. Don't miss an opportunity to connect with your Cove Sister. It won't be long, and we'll be back this summer!

## Camper Reunions!
