Who we are

Fernwood Cove Directors

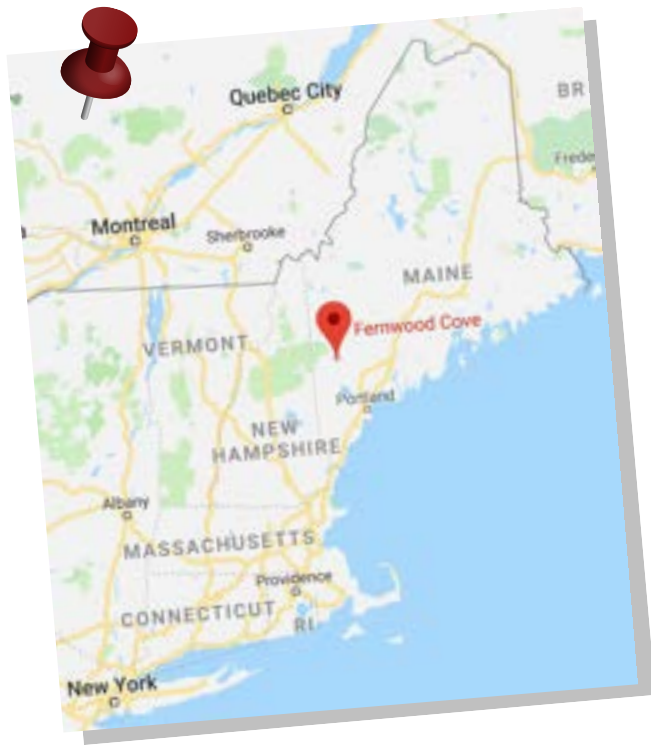

With over sixty years of combined professional camp experience, the Fernwood Cove Directors support each member of the Fernwood Cove community to become the best version of themselves. Owner/Directors Jim & Beigette Gill oversee all camp operations and live at camp year round. Associate Director Alicia and Assistant Director Stevie oversee recruitment, staff training, marketing, and summer operations. The Fernwood Cove Directors work as a collective team, providing consistency in leadership for the camp community.

Fernwood Cove Girls

Since 1999 girls from across the United States and around the world have called Fernwood Cove their summer home. Fernwood Cove girls come from a variety of backgrounds and have a multitude of interests. Most Fernwood Cove girls return summer after summer, developing lifelong friendships and building a variety of skills. Since 2007 Fernwood Cove girls have had the opportunity to return to camp as Counselors In Training, focusing on leadership development in the familiar and supportive community of camp.

Where We Are

Located an hour and fifteen minutes northwest of Portland, Maine, Fernwood Cove is ideally located to experience some of the best things Maine and nearby New Hampshire have to offer. In just over an hour you can be at the coast enjoying the Atlantic Ocean. Or you can be nestled in the mountains of Maine or New Hampshire enjoying amazing outdoor activities. The Fernwood Cove property is over 200 acres of rolling hills and greenspace. All of camp overlooks Island Pond, where we enjoy the crystal clear waters all summer long.

What We Do

Under the guiding philosophy and values of Fernwood Cove, each summer we strive to help Fernwood Cove girls and staff develop into the best versions of themselves. With a strong focus on Simple Living, Personal Growth and Community, Fernwood Cove girls develop skills and greater self-awareness that contributes to their success long after they return home. Fernwood Cove staff provide a safe, supportive, and positive environment for Fernwood Cove girls to challenge themselves in new ways. Day after day, and summer after summer.

OUR STAFF TEAM

**FERNWOOD COVE
VALUES**

Fernwood Cove Campers

Fernwood Cove campers are girls ages 7-15 from throughout the United States and around the world. Campers attend one of our three and a half week sessions, often returning to the same session for the entirety of their camper summers. Fernwood Cove camper uniform is hunter/forest green bottoms and white shirts.

Teen Leadership Program

Fernwood Cove girls who have aged out of the camper program can apply to participate in our Teen Leadership Program. First as Counselors In Training (CITs) former campers develop valuable health and safety, leadership and activity based skills. Upon successful completion of the CIT summer, girls are eligible to apply to become Junior Counselors, where they have greater responsibilities throughout the camp program and continue leadership skill development. CITs and Junior Counselors wear maroon bottoms and white shirts.

Our Staff Team

Fernwood Cove staff come from around the world and work as either Counselors or Support Staff. Fernwood Cove Counselors are specialist instructors who teach one or more activities.

They are also bunk counselors, overseeing all aspects of bunk life throughout the camp session. Support Staff work in either the Healthcare, Kitchen, Housekeeping, or Maintenance departments. Support Staff are key to the overall success of camp operations.

All Fernwood Cove staff wear navy bottoms and white shirts.

Our programs

Half-Season Traditional Camp for Girls

Thoughts of summer camp often bring visions of happy friends, loads of silly songs, campfires, and many different activities. Fernwood Cove is that and so much more! Our half-season traditional program offers all of the experiences of a full-summer program in a convenient three and a half week summer.

Fernwood Cove campers can participate in over 60 different activities, enjoy Trip Day adventures, cheer for their team in our Green & White Games and roast many, many marshmallows! Our intentional program empowers Fernwood Cove campers to grow in ways that aren't often available at school, on sports teams, or at home.

Juniors

The second oldest age group of campers, Juniors (8th grade) are growing leaders within the camper community. Living in a single, large bunk allows the girls to bond on a deeper level.

Working together to organize Services and coordinate Banquet at the end of the camp session are capstones of the Juniors' experience.

Seniors

The oldest campers at Fernwood Cove, the Seniors, have just completed 9th grade. Most of these girls have multiple summers at camp and exude Fernwood Cove enthusiasm. They are leaders within the camp community, leading daily assembly and coordinating special events. They live in Flamingo bunk and love everything pink!

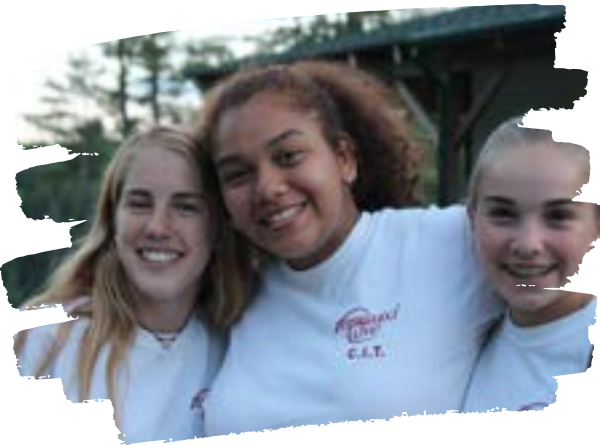

Teen Leadership Development

The Fernwood Cove Teen Leadership Development Program provides a hands-on, immersive experience for Fernwood Cove girls who have aged out of the camper program.

Girls in the Teen Leadership Programs develop valuable life skills including leadership, organization, and time management as they assist in activities, help with bunk life and assist in leading evening programs, trips, and special events. CITs and Junior Counselors are a valuable resource for counselors due to their understanding of Fernwood Cove programs, values, and community.

Counselors In Training

Counselors In Training (CITs) develop key leadership skills as well as valuable skills in health and safety and activity instruction skills.

Daily curriculum supports growth and provides guidance from highly experience counselors who coordinate and lead the CIT Program.

The CIT Program brings former Fernwood Cove campers from both sessions together in a full-summer program. CITs are chosen through an application process and limited positions are available.

Junior Counselors

Upon completion of their CIT Summer, Fernwood Cove girls can apply to be Junior Counselors. This Fernwood Cove program provides past CITs the opportunity of continued growth with greater levels of responsibility, particularly focused on bunk counselor roles and responsibilities. Again, Junior Counselors are chosen through an application process for this full-summer program.
